Don't flush drugs.

Disposing of medications down the toilet or sink contaminates our water supply and environment.

Don't keep old medications.

Misuse of prescription drugs is a serious problem. Unused medication can find its way into the wrong hands.

Dispose of drugs properly.

Protect our environment and community. Safely dispose of human and pet medications at one of the locations.

Liquids and needles are not accepted

- Medications kept in home cabinets are highly susceptible to misuse and theft
- Most people who abuse prescriptions get them from family and friends
